

TERMS AND CONDITIONS

1. Interests on investments are paid by the Company on the 7th of every month.
2. The investment capital shall reach the Company's account on or before the 6th of the month for interest to be paid by the Company on the 7th of the next month (if the investor chooses the monthly interest payment option).
3. Where the investment capital reaches the company's account later than the 6th of the month, interest for that month shall be prorated and paid out in the second subsequent month (if the investor chooses the monthly interest payment option).
4. The Investor agrees not to make any withdrawal of the investment capital, either whole or in part, before the maturity date.
5. Where the Investor wishes to make a withdrawal before the maturity date, they shall make their request by filling and submitting the Company's liquidation form. Upon receipt of the duly filled liquidation form, the Company shall process and make payment within five (5) working days.
6. Any request for withdrawal before the maturity date shall be subject to penal charges on interest earned as at the date of receipt of the liquidation form.
7. All interest payments by the Company to the Investor shall be subject to charges imposed by Tax and/or other Regulatory bodies.
8. The Company is bound to comply with and enforce relevant tax and regulatory laws in the course of the relationship with the Investor. The Company will strive to promptly communicate any new regulatory and compliance issues affecting the transaction to the Investor. Nevertheless, failure of the Company to communicate such regulatory and compliance measures to the Investor before the implementation of such measures does not amount to a breach of the terms and conditions herein by the Company, in so far as the Company is only complying with the law.
9. Unless the Investor gives a written instruction for liquidation at least two (2) weeks before maturity, funds invested with the Company shall be rolled-over automatically at maturity under the same terms and conditions except for the interest rate, which shall be the Company's prevailing interest rate at the time of roll-over.
